Your kind face and loyal service are familiar to all of us—the smallest seventh grader and the oldest teacher, alike, recognize the patriotic interest you have shown in our school from its earliest beginnings. To you, in grateful appreciation, the seniors of Walnut Hills dedicate the 1938 Remembrancer.

WHILE RECOVERING FROM AN ATTEMPT MADE ON HIS LIFE, THEODORE ROOSEVELT TOLD A FRIEND THAT HAD HIS LIFE BEEN TAKEN, HE WOULD HAVE BEEN AHEAD OF THE GAME. HE MEANT THAT HIS EXPERIENCES HAD BEEN RICH AND VARIED. I URGE YOU, PUPILS OF THIS SCHOOL, TO PARTAKE ABUNDANTLY OF ALL THE SCHOOL HAS TO OFFER THAT IS WORTHWHILE — BOOKS AND MATERIALS, WORK AND PLAY, CLASSES AND OUT-SIDE ACTIVITIES.

MUSIC

The Music Department of Walnut Hills offers an outlet for the musical talents of the students. This department has become closely allied to academic work; and beginning this year periods specified for the various groups were a regular part of the members' weekly program. By utilizing this actual school time, those musically inclined are able to build their music into something worthwhile and enduring. Music is now a definite requirement of their education through which they may learn an appreciation and love of their hobby. As a unit, the music groups of Walnut Hills occupy an admirable and lasting place in the life of Walnut Hills.

DRAMATICS

Dramatics as an extra curricular activity at Walnut Hills has a double grace: it instructs those actually taking part in the production and entertains those who of necessity must form the audience. Dramatics is a form of activity which offers to talented students the chance of expressing themselves and of awakening others to the beauty and meaning of the great works in the theater. Walnut Hills has long been proud of its Shakespearian productions but has not overlooked the work of the junior plays and the Revue, all of which the school supports and which form a varied program for dramatics at Walnut Hills.

Tri-State Debate Team

POISON

SCIENCE

The field of science as a class room subject is considerably limited, and those who find interest and education in this study can further their knowledge through these extra curricular organizations. Actual academic work in science aims to arouse the interest and curiosity of the student to making practical use of his study in these outside groups. Each of these clubs expresses a different phase of scientific work, and from these every student may enlarge his scope of learning in the field of his own particular interest, and in so doing may make his life at Walnut Hills more valuable and of greater meaning.

The Botany Club

The Botany Club affords students whose interest in botany extends outside their classroom an opportunity to gain real experience in handling plants. The Club carries out projects too extensive to be done in class time. The meetings of the club combine business and pleasure; they frequently consist of visits to greenhouses and nurseries or to the botany department of the University of Cincinnati.

The Radio Club has as its ultimate objective the completion of a transmitting and receiving apparatus for the school's shortwave station. Already the club numbers several licensed operators among its members, and the preparation of more students for the operator's examination is an established part of the club's program. Discussions of problems and new phases in the science fill their weekly meetings.

ORGANIZATIONS

These varied and numerous organizations offer those students whose talents do not lie in the large scope of music or dramatics an opportunity to supplement their class room work by instructive and interesting extra activities. Many of the clubs are direct outgrowths of academic work, but they open those fields to a broader and more intensive study. These clubs often do not receive the recognition they deserve and sometimes are even disregarded; but their importance cannot be overestimated, for they give to everyone a chance to participate in some activity at Walnut Hills.

Eagle Y Girl Reserves

The Eagle Y Girl Reserves meet monthly to discuss and plan the projects to be carried out. This year the club has been very active; they sold candy at all the athletic events, gave a Carnival, a style show, a dance, and a charity party, and have contributed to student aid.

Chatterbox

PUBLICATIONS

The publications of Walnut Hills are of a varied nature. The Chatterbox, the weekly newspaper, is a chronicle of school news; the Gleam, a monthly magazine, portrays the literary talents of the school; the Remembrancer, the year book, attempts to depict the activities at Walnut Hills. Since these three publications are of so different a type, every student who is interested in any phase of journalism is given the opportunity of broadening his knowledge in his particular interest. During the past year these publications have become even more a part of school life with an increased circulation and a real desire to promote activities at Walnut Hills.

THE CHATTERBOX

To every high school newspaper falls the task of preserving in live news stories the happenings of the year past. To this end the Chatterbox dedicated itself during the past year. The extent of its success, its editors believe, is enough to warrant the continuance of it as a weekly. It is also a paper's job to assist school activities; for this purpose several extra issues were written. In the final analysis, however, it is the student body to whom a paper must appeal. If the students have received news from their paper, then the work of the staff has not been useless.

THE GLEAM

The Gleam was founded in order to furnish an outlet for the literary talent of the students of Walnut Hills. While the Gleam staff has retained this policy in the past year, it has attempted to increase the appeal of the magazine to the student body by means of several innovations. By modernizing the form of the pages and using a new style of type, by enlarging the magazine to thirty-two pages, by modernizing the Rogues' Gallery pictures and illustrating the stories more profusely, the editor and his assistants have endeavored to produce a literary publication which will be of more value to its readers and a greater credit to the school.

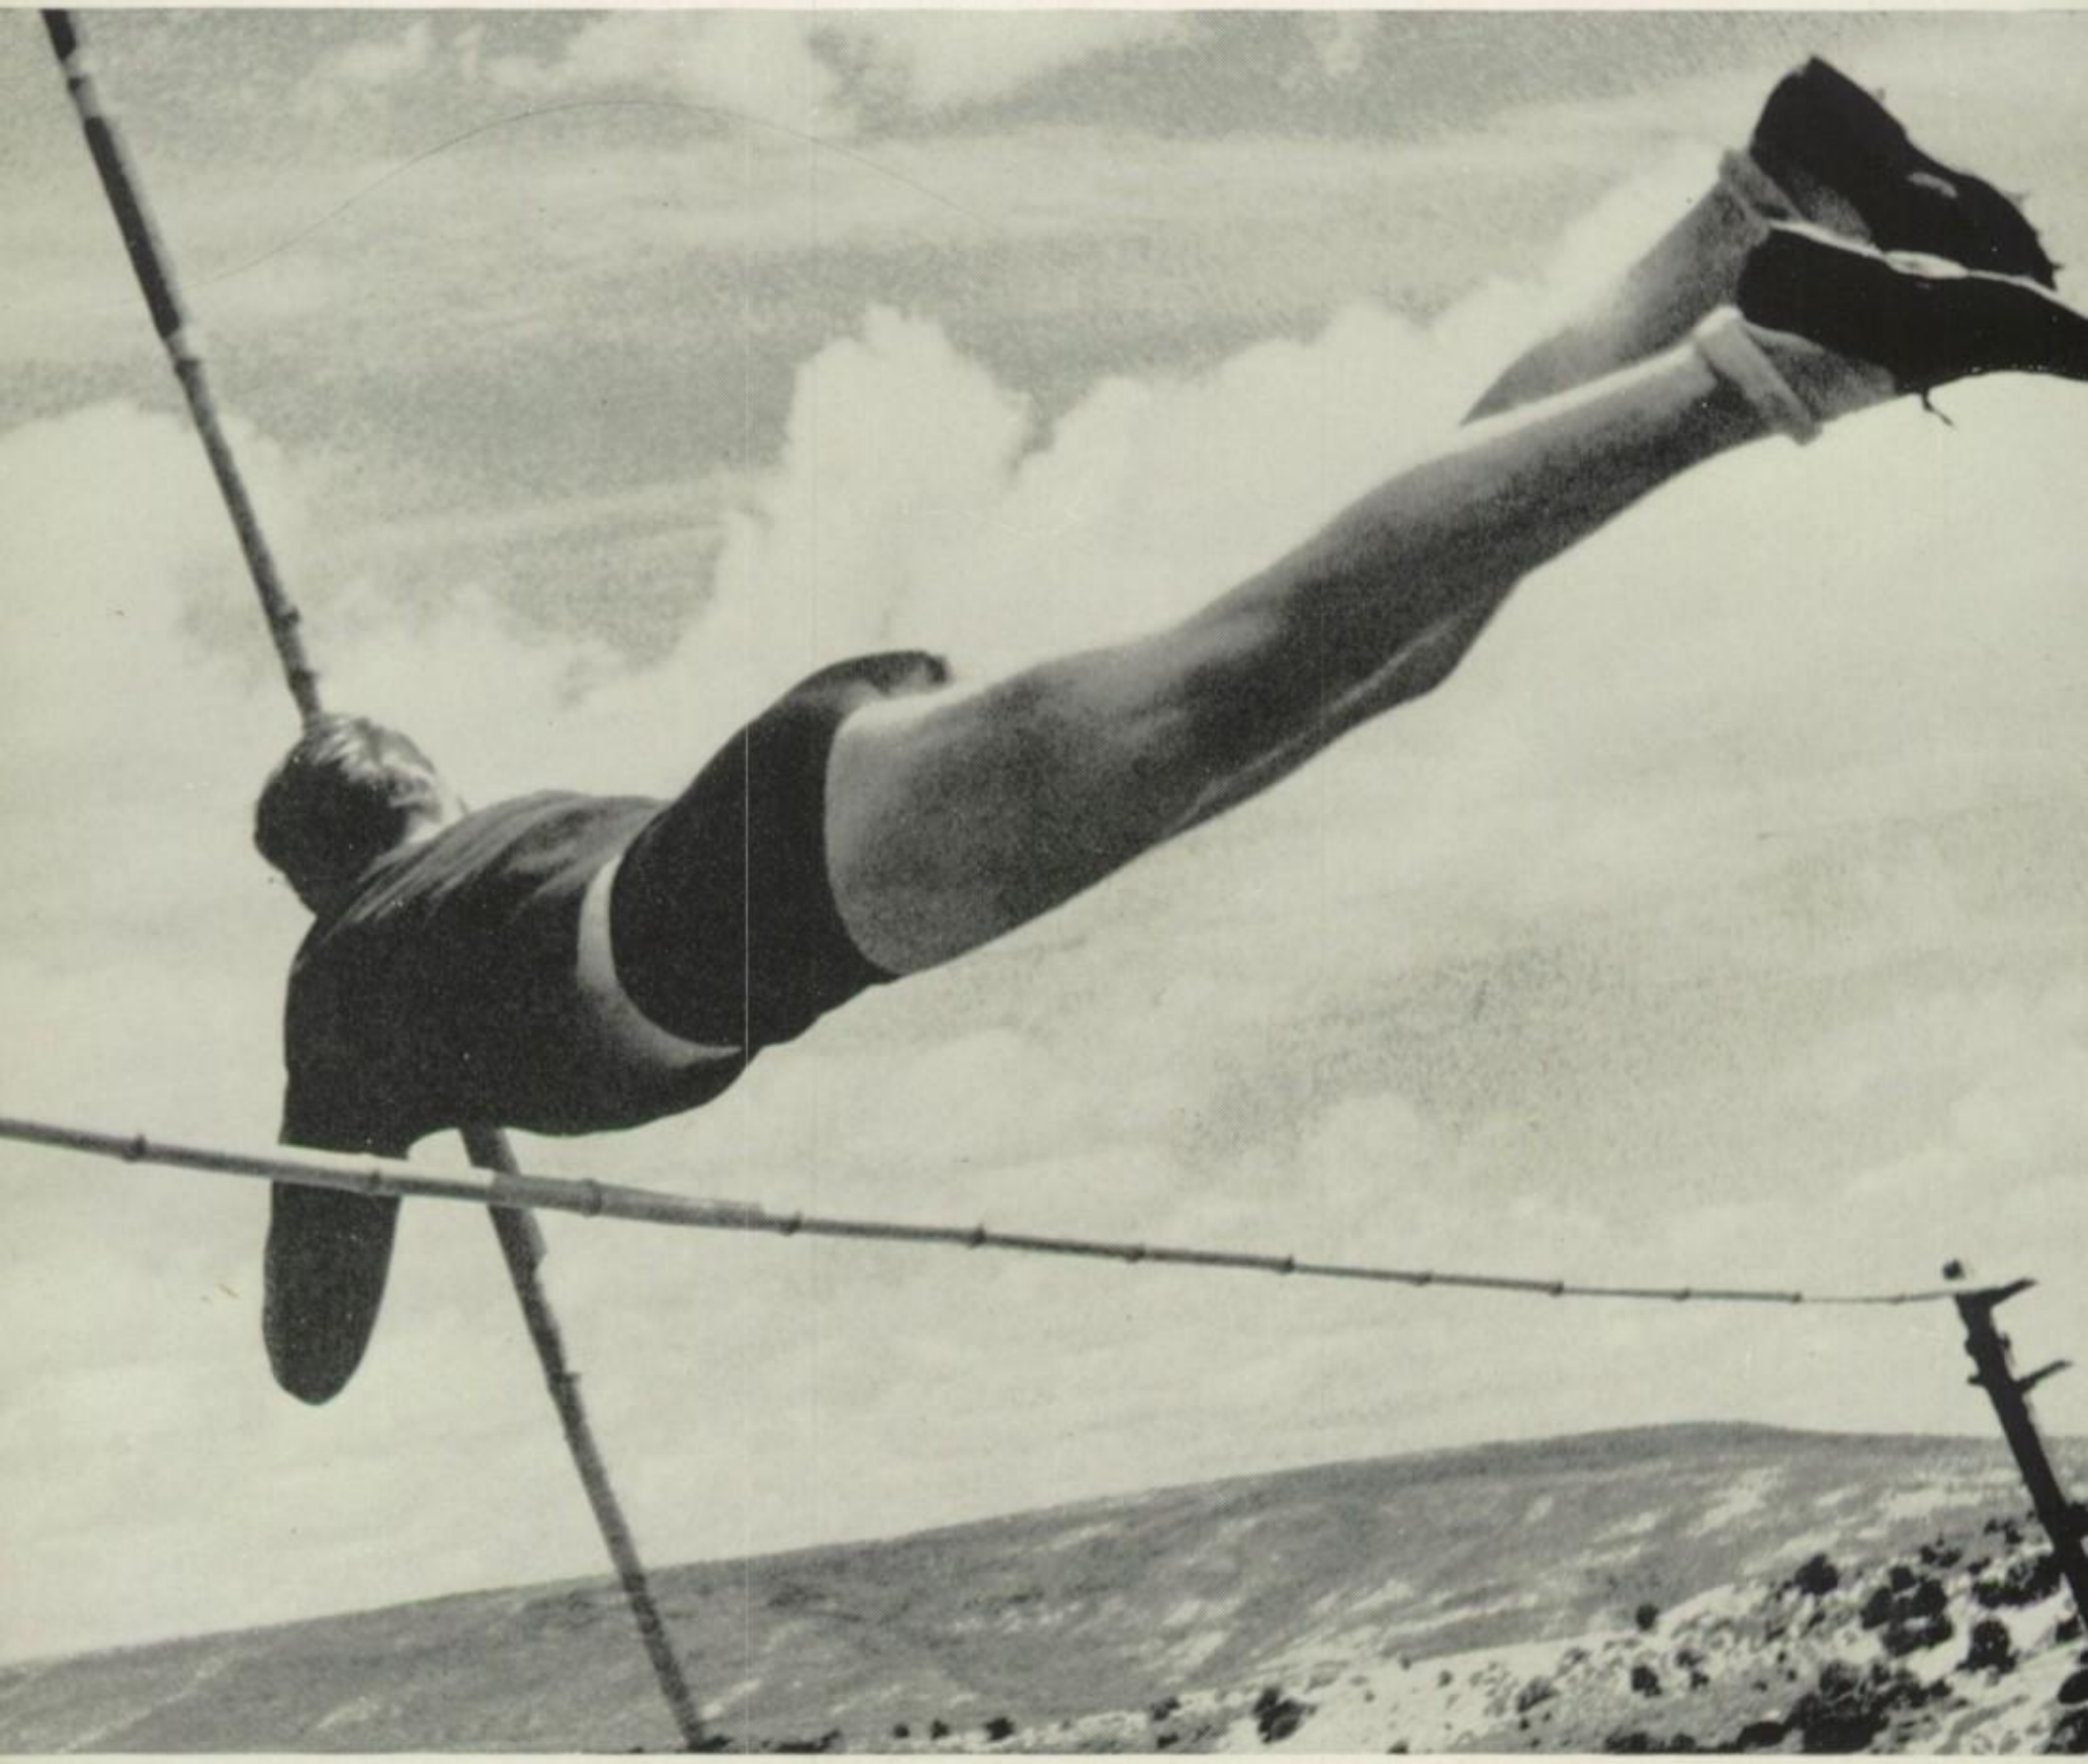
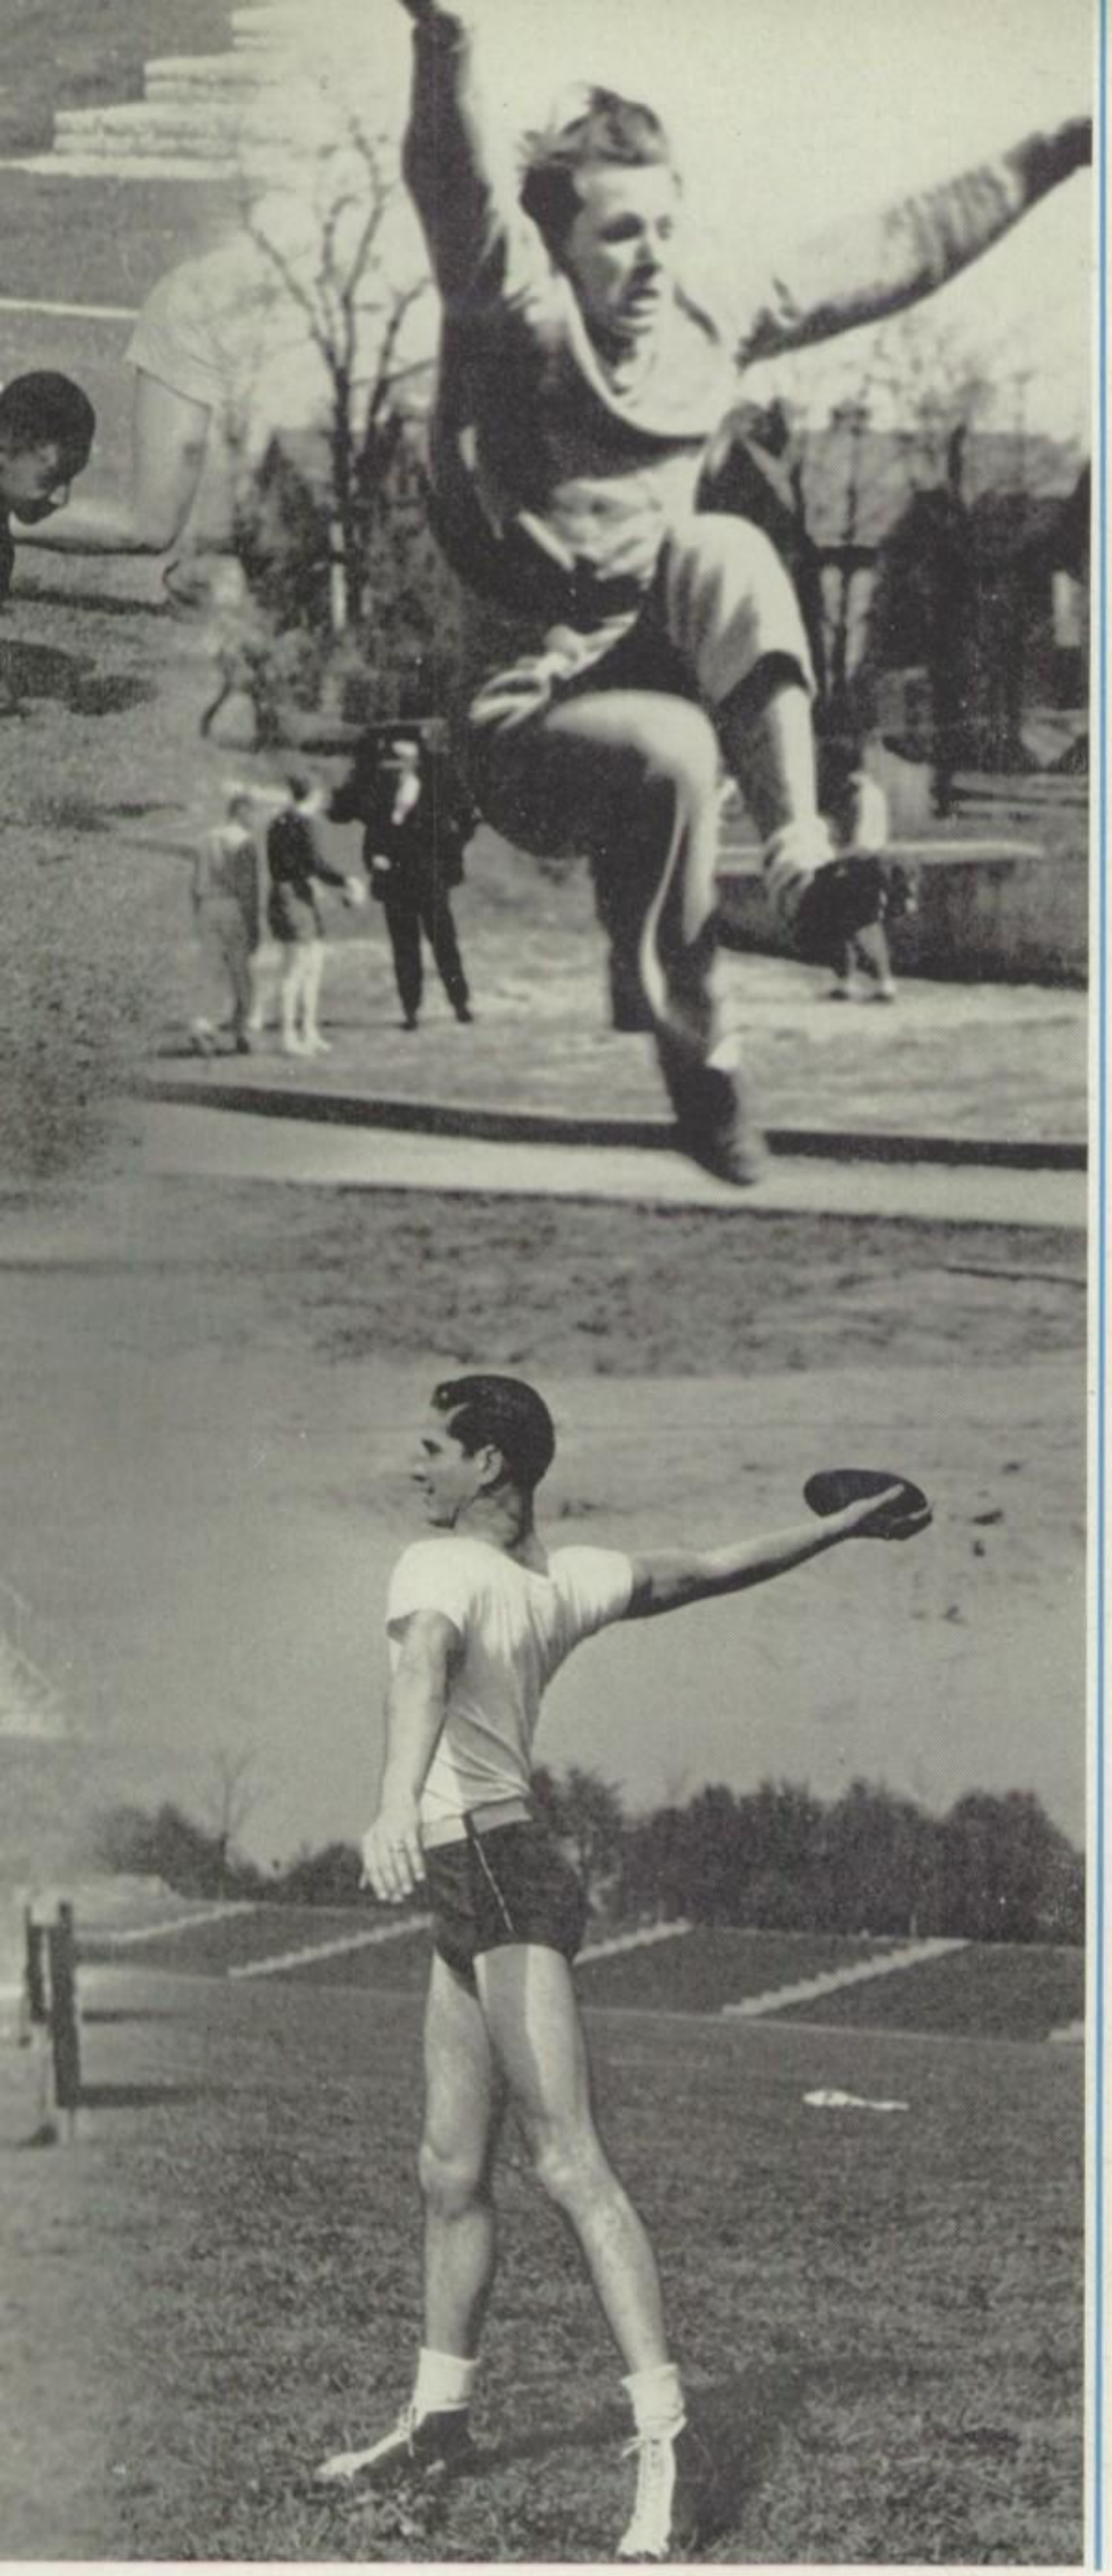
THE REMEMBRANCER

The staff is proud to present the latest edition of the year book, the 1938 Remembrancer. This book has a double purpose: its aim is to interest every student in taking advantage of all the facilities for extra curricular activities offered at Walnut Hills and also to serve to make more vivid the events of the past year. We have tried to incorporate in this book all the important activities of Walnut Hills in a series of interesting and live pictures so that the outsider, as well as the student, can visualize the varied opportunities for a balanced career of academic and non-academic work at Walnut Hills. We hope, too, that this book will help keep alive your memories of friendships and experiences of the year 1938. May the 1938 Remembrancer be as valuable and memorable to you as it is to us who are the proud creators of your Annual.



BOYS' ATHLETICS

The activity at Walnut Hills which boasts the largest number of participants is athletics. These particular teams have been chosen to represent their school; and although they have not always been first place teams, nevertheless, Walnut Hills has supported them both financially and by consistent attendance at all contests. This year with the withdrawal of the football team from the Cincinnati Public High School League, Walnut Hills has proved once again that sportsmanship and equal competition is vastly superior to victory on the field.

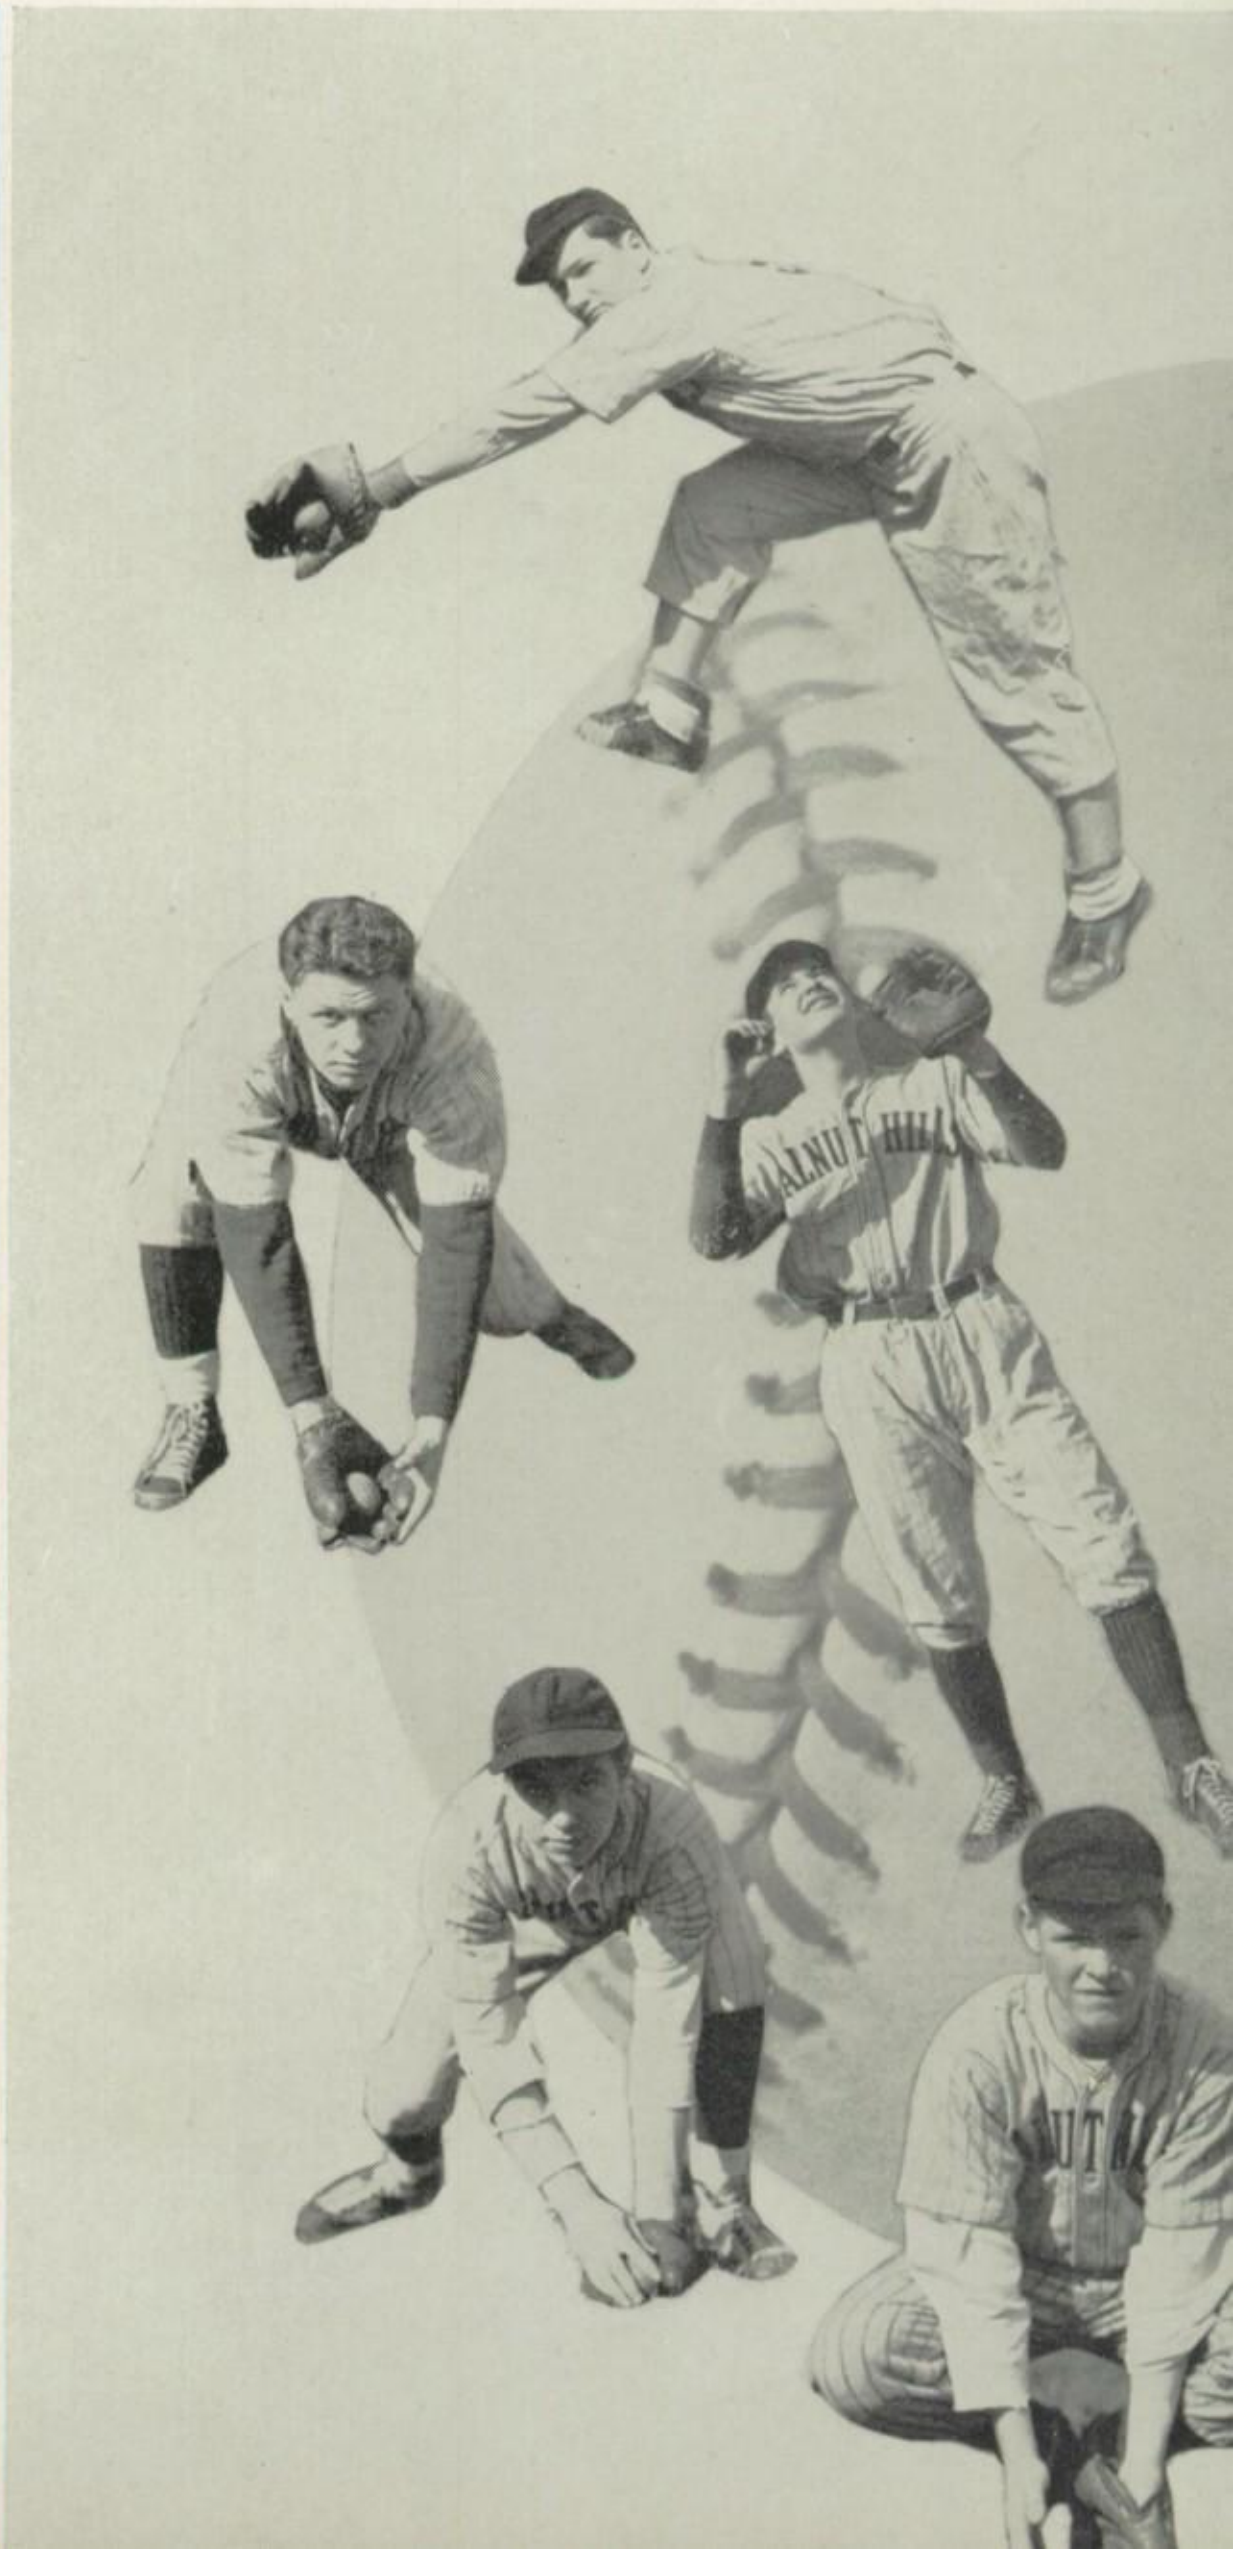


EVERY SEASON BRINGS WITH IT A DIFFERENT ACTIVITY IN THE FIELD OF SPORTS; AND WITH EACH COMES FORTH A NUMBER OF EAGER, AMBITIOUS RECRUITS WHO ARE DESIROUS OF PUTTING FORTH THEIR BEST FOR WALNUT HILLS. BESIDES THESE INTERSCHOLASTIC CONTESTS, EVERY BOY OF EVERY GRADE IS ELIGIBLE TO PARTICIPATE IN SOME FORM OF ATHLETICS; FOR FOOTBALL, BASEBALL, BASKETBALL, AND ALL OTHER SPORTS ARE EACH REPRESENTED BY EXTENSIVE INTRAMURAL SCHEDULES.

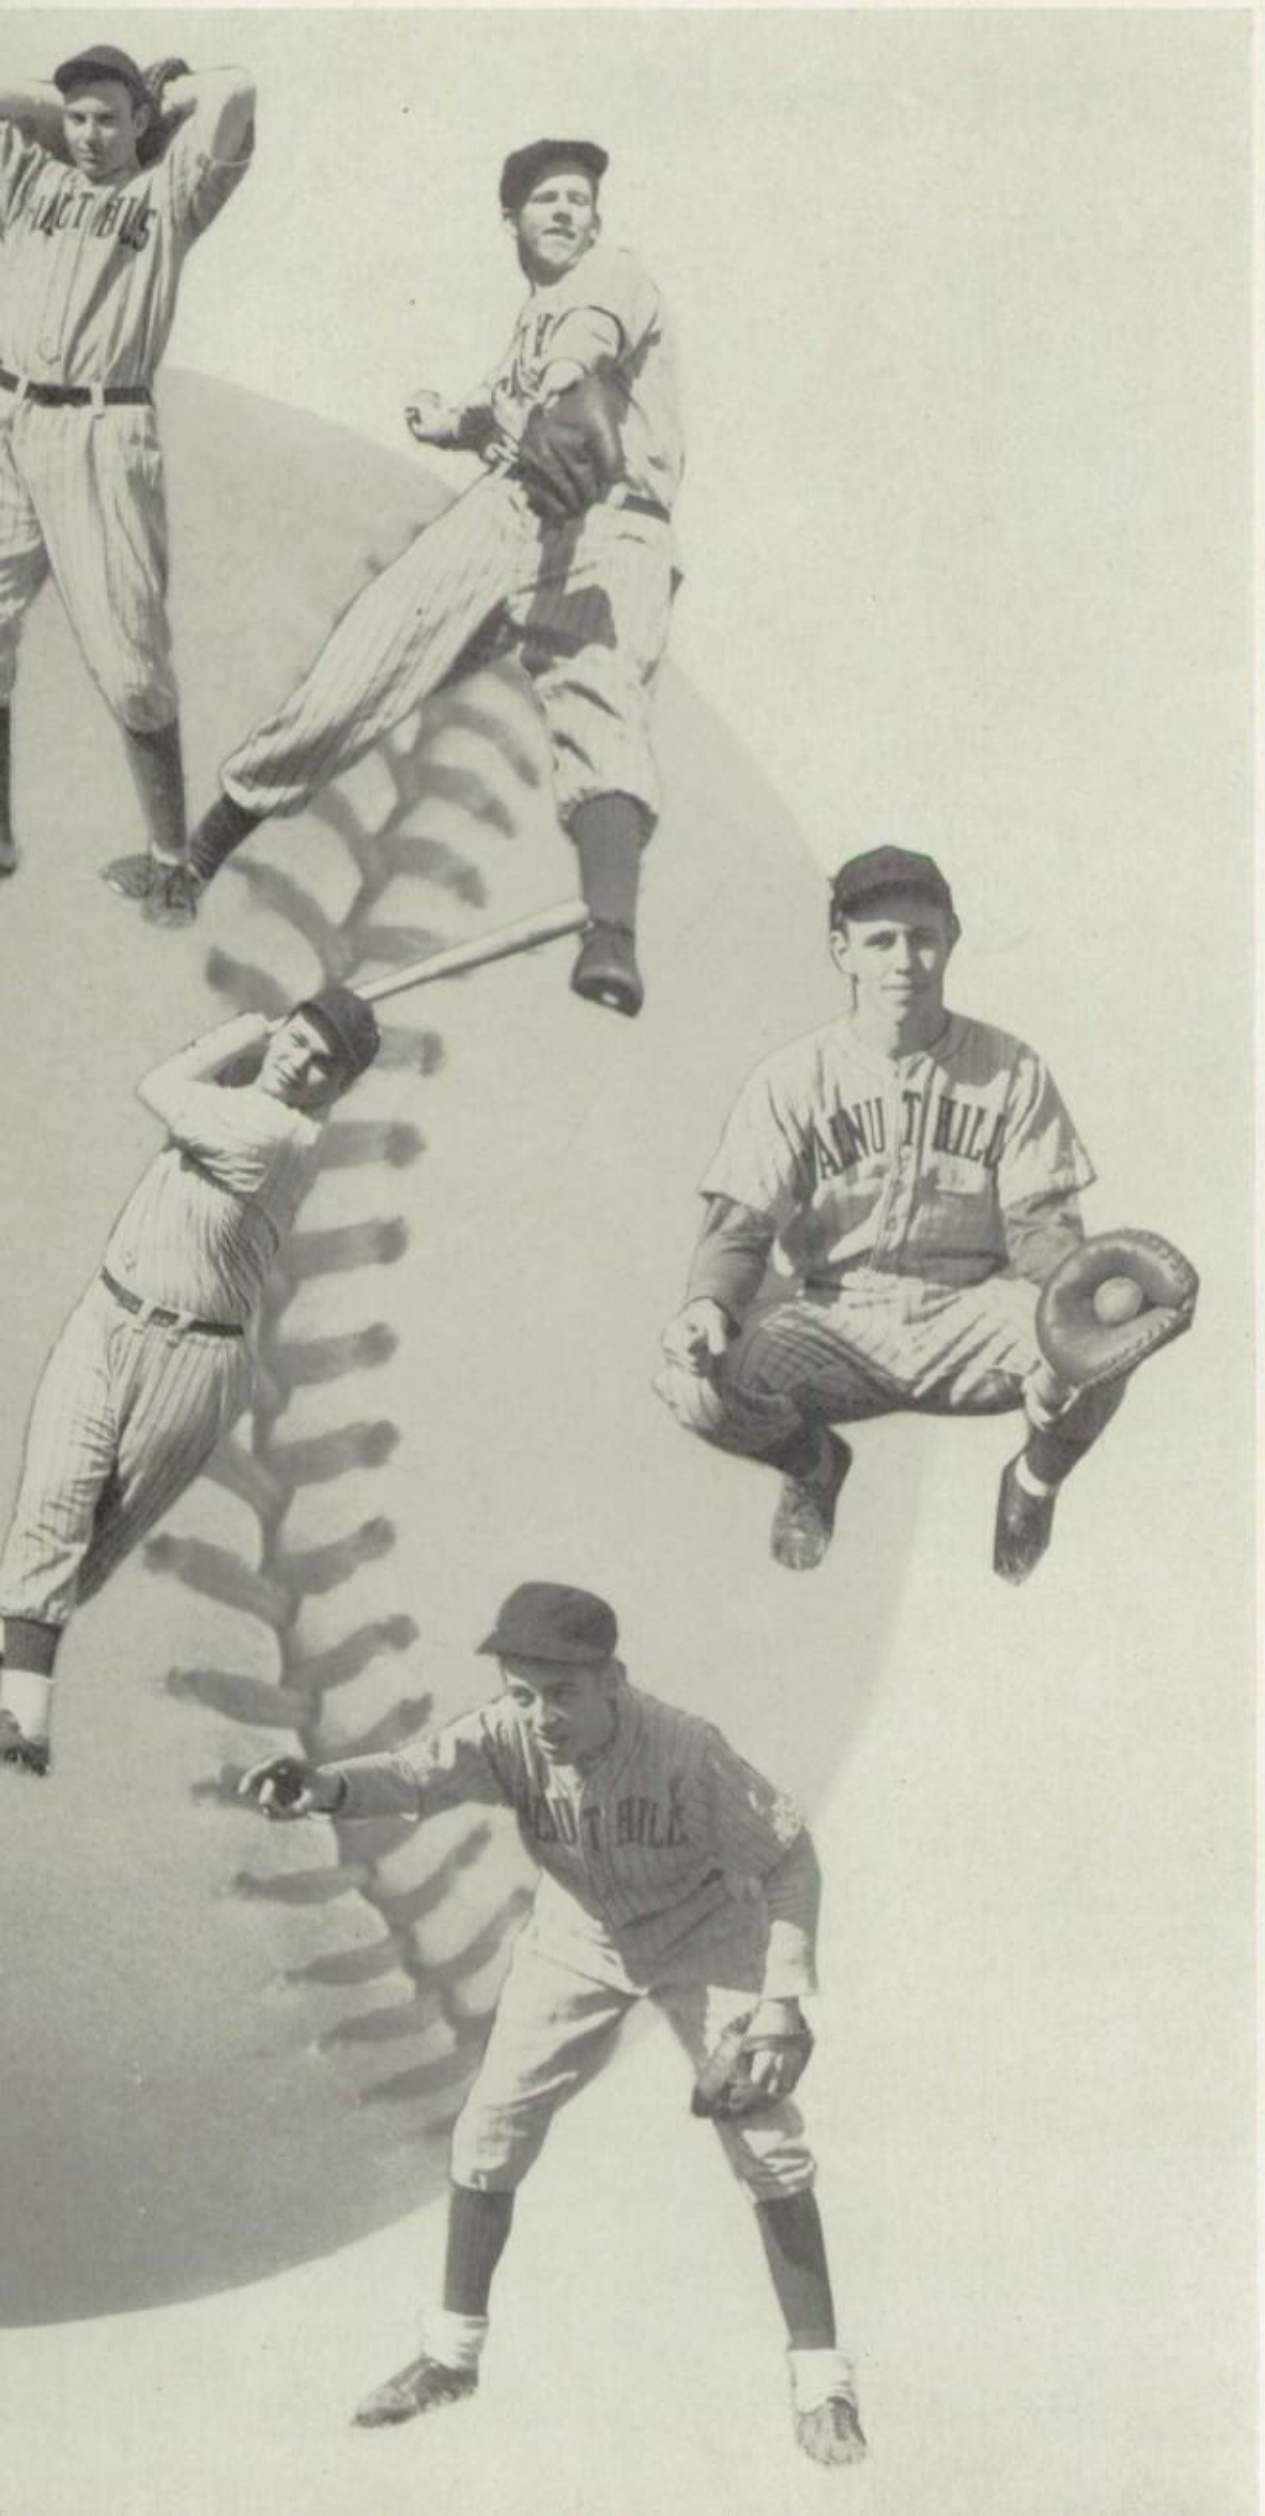
Under its new coach, the football tea

isplayed a finer, more eager spirit.

The large number of contenders for positions, including mar

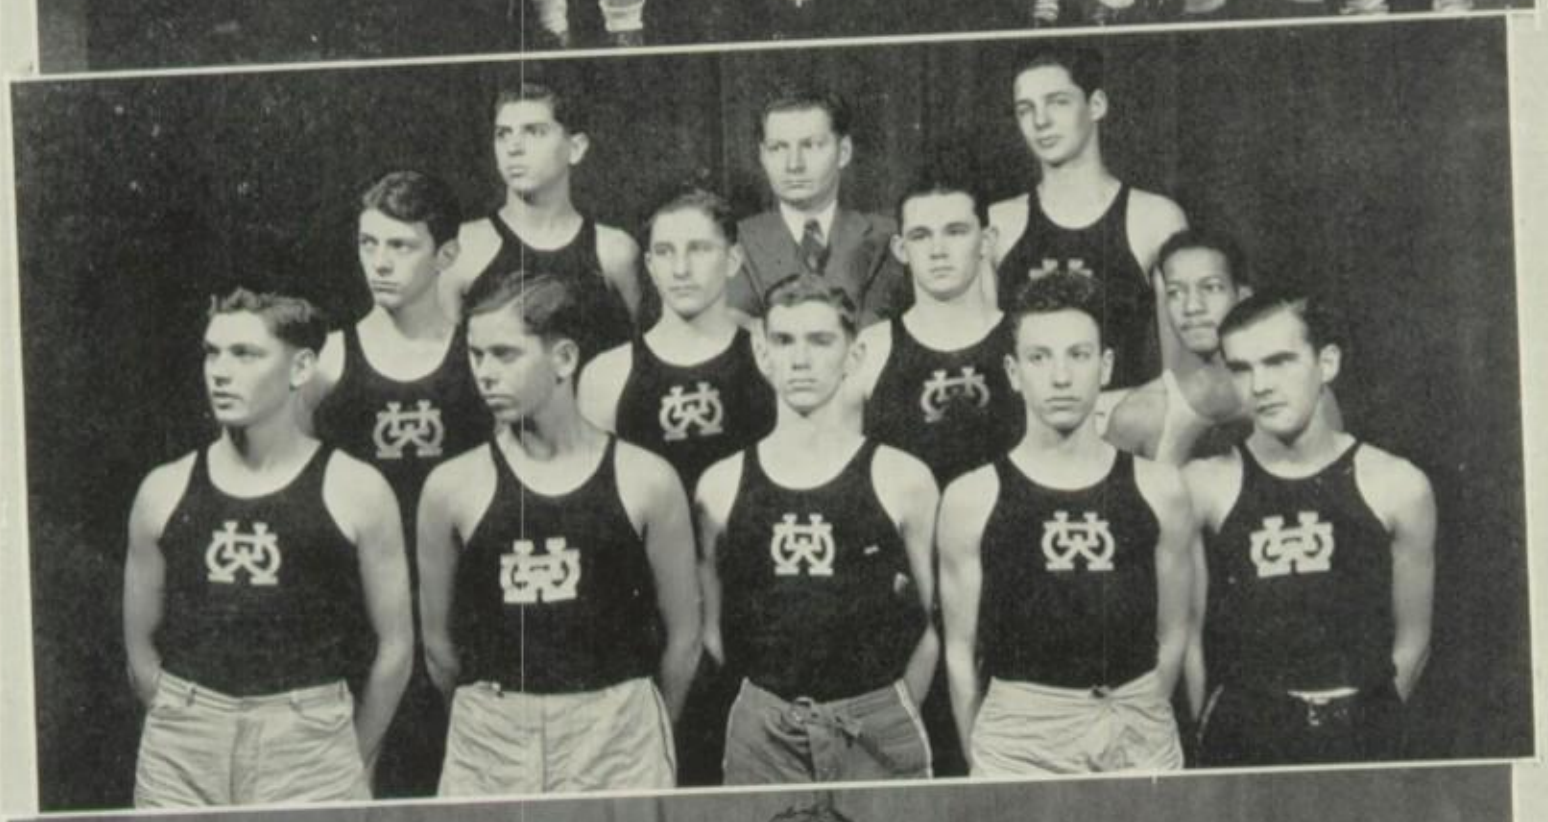


eterans, made the baseball team a formidable opponent.



The basketball team made a good showing

hroughout a long schedule of hard games.



Track Team

The Track Team has been increasing in size and strength because of a growing track-consciousness among the athletes of the school. Last year's team, reaping the benefits of practice on new fields, had a very successful season: the senior team took fourth and the junior team placed second in the Cincinnati meet. Several high point men of last year were again on the field to form the center of the team.

Third Row—Coach Varrelman, W. Lance, R. Krone, L. Cohen, J. Oman, R. Wolf, J. Gump, R. Jones

Volley Ball Team

The Volleyball Team was composed almost entirely of players inexperienced in interscholastic competition; yet the team tied for third place in the Interscholastic Volleyball League and took fourth in the Southwestern Ohio District Tournament in which seven teams participated. Mr. Louis Boeh served his first year as manager of the team.

Tennis Team

Last year the Tennis Team was exceptionally strong, winning the Kenyon College Invitational High School Tournament and placing second in the Cincinnati Public High School League. While most of the players of that squad were lost to this year's team through graduation, their places should be filled by some of the large number of candidates, and the two remaining letter men should form the nucleus of another fine team.

First Row—C. Marshall, M. Snow, J. McCaslin, M. Chambers, B. Brown

Second Row—L. Edlin, Mr. Boeh, S. Levine

Golf Team

This year's Golf Team is better equipped to succeed than any of its predecessors for several years have been. The team includes three players who have already won their letters and chevrons for two years of participation in the sport and two lettermen with one year's experience. Moreover, the unusually large number of underclassmen applying for positions on the squad is a promise of more fine teams in the future.

First Row—W. Camel, R. Flohr, L. Wagner, D. Pansiera

Second Row—Mr. Caldwell, R. Sturgeon

The Gym Teams

The Gym Team was very successful in interscholastic competition this year. The senior team took second place in each of the three city meets, while the junior gymnasts were the winners of all of the city meets so far outpointing their opponents that they have a total of one hundred and forty points for the season against one hundred and forty-seven points made by all other teams combined. Moreover, Captain Clyde Hooge of the junior team, in an individual competition open to all high school gymnasts of Cincinnati, took first place in all of the six events in the junior division.

The Swimming Teams

The Swimming Team was especially strong in its junior division this year; however, both groups have a good record for the past season. The senior team took two fourth places in city meets and won three of the eight dual meets in which it engaged. The junior team is the Cincinnati Junior Champion, having finished first in each of the three city meets held this season. The junior swimmers won every dual meet in which they engaged, amassing a total of two hundred thirty-two points to their opponents' one hundred nine.

GIRLS' ATHLETICS

The functions of girls' athletics are too often passed over as unimportant and trivial, but they are a definite part of the scheme of extra curricular activities at Walnut Hills. This field of play is open to every girl in the school, for an extensive intramural program is carried out. Besides developing a healthy body, these athletics strive to instruct the participants in good sportsmanship, leadership, and congenial unity. Athletics above all supply the needed stimulus to curricular work; a healthy body in which to house a healthy and industrious mind.

THE FACILITIES FOR GIRLS' ATHLETICS HAVE BEEN GREATLY INCREASED AND IMPROVED DURING THIS PAST YEAR; NOW THERE IS A REGULAR FIELD FOR BASE-BALL, HOCKEY, AND ALL THE OUTDOOR SPORTS IN WHICH THE GIRLS MAY PARTICIPATE. THE KEEN, EXCITING VIGOR OF HOCKEY, THE THRILLING ACCURACY OF BASKETBALL, THE BEAUTY AND GRACE OF ARCHERY, AND THE FRESHNESS AND SPEED OF SWIMMING—ALL THESE ARE A DAILY PART OF THE CURRICULUM OF GIRLS' ATHLETICS.

Dance Club

The Dance Club was formed to give girls an idea of how to move gracefully, and to make them enjoy the art of creative dancing. The club meets once a week, and under the instruction of Miss Frances Hanauer the members of the club learn to express themselves in movement.

The Girls' Athletic Association Board is composed of the girls who are the managers of the various sports throughout the year. The Board meets to plan the schedule and content of extra curricular athletics. Every girl in the school is eligible to become a member of the G. A. A., but one hundred points are required for the privilege of voting on officers.

Life Saving

All good swimmers should be prepared in case of emergency to try to save the life of a drowning person. For this reason the swimming department of Walnut Hills has organized a class in Life Saving. Every girl is eligible to be a junior life saver at the age of twelve, and a senior life saver at seventeen. This year an unusually large number of girls passed the life saving tests.

Physical Education Teachers

Miss Gradoff, Miss Sellers, and Miss Hanauer teach the girls the fundamentals of healthful exercise.

STUDENT ADMINISTRATION

Student administration is the program followed at Walnut Hills; here like any other community, the school is guided and managed by her own form of government. The Student Council, the Student Court, and the Senior Council are all factors in the maintenance of an understanding of the rules and regulations which must be followed to insure pleasant relations at Walnut Hills. These three groups are the acknowledged leaders, but every student's assistance is needed to make sure the success of such a plan. With this primary training in civic leadership and responsibility comes a preparation for future life.

Student Council

The Student Council with the support of the student body, aids in smoothing any imperfections in the functioning of the school's program. Students may bring to the Executive Committee situations needing the Council's attention. These matters are put before the Council, which evolves plans to correct such faults.

Each of the five is in charge of a certain department of girls' activities: Big Sisters, Student Aid, House and Grounds, Miss Clarke's Office, and Ushers for the various school functions.

B. Menderson, Miss Clarke, J. Klein, J. Deihl, N. Stix

Student Court

The Student Court, the judicial department of Walnut Hills student government, conducts trials of students who have by their actions violated the spirit of the school policy; it also aids in maintaining order at student gatherings where such action is required. The court is composed of four seniors and three junior boys.

The first Tuesday of each month the girls meet to participate in combined business and recreational programs.

JUNIOR HIGH

The seventh graders, whose first year at Walnut Hills is already in the past, are now permanent and enthusiastic members of our school. Their high scholastic rank and their participation in school affairs are but a couple of their numerous activities; each and every one has entered into the spirit of Walnut Hills. Their first year at Walnut Hills has taught these "effies" the meaning of comradeship and friendliness and has already acclimated them to the life of our school.

Their intermediate course is over, and the eighth graders are ready to enter high school proper. They have prepared diligently during their first two years at Walnut Hills ever looking toward the time when they would become freshmen. Girls and boys, alike, have lived up to the standards set by Walnut Hills; academically and scholastically they have done their best to maintain our high record. Now with eager hearts, the "e-flats" are finishing their elementary course and becoming full fledged high school students.
